Established in 2004, the ICDCIT conference series has become a platform for Computer Science researchers from India and all over the world to exchange research results and ideas on the foundations and applications of Distributed Computing and Internet Technologies. Increasingly, such technologies enable individuals and organizations to jointly engage in the production, processing and dissemination of knowledge.

The 9th International Conference on Distributed Computing and Internet Technologies (ICDCIT – 2013) will take place in Bhubaneswar during 5 – 8 February 2013. It will be organized by KIIT University, Bhubaneswar, India. Like the last eight editions, the proceedings are expected to be published by Springer in the series of Lecture Notes in Computer Science. **ICDCIT 2013 solicits original papers contributing to the foundations and applications of Distributed Computing and Internet Technology in the following broad areas:**

#### Distributed Computing

- Distributed Algorithms
- Concurrency and Parallelism
- Performance Analysis
- Domain-Specific Architectures & Languages
- Secure Computing and Communication
- Data, Service Grid Allocations & Computations
- Cloud and P2P Systems
- Location-Based Computing
- Formal Methods
- Bio Inspired Computing

#### Internet Technologies

- Semantic Web
- Service Oriented Architecture
- Web Search & Mining
- Information Retrieval
- Multi-media Systems
- QoS Analysis
- Business Processing
- Monitoring and Service Delivery
- Bidding and Negotiation
- Reputation and Trust

#### Societal Applications

- IT Infrastructures
- Social Networking
- Co-operative Problem Solving
- Participatory Governance

- Culture and Heritage
- Management Entertainment Systems
- Applications in Governance
- E-Health Applications
- E-Learning & Web 2.0

#### Paper Submission

Authors are invited to electronically submit their paper using LNCS format written in English, of upto 12 pages in the LNCS style, presenting the results of original research or innovative practical applications relevant to the conference. All paper submissions will be done electronically. All papers will be peer reviewed and final copies of papers for inclusion in the conference proceedings will be published in a bound volume by Springer-Verlag in their 'Lecture Notes in Computer Science' series. The easychair conference system will be used for submission and reviewing process.

~~Papers can be submitted through the easy chair [link](#).~~
